

Conservation Clear®

99% Conservation Grade UV Protection

Conservation Clear Features:

- Conservation Grade 99% UV Protection
- 8% Light Reflection
- 89% Light Transmission
- 2.5mm Glass Substrate

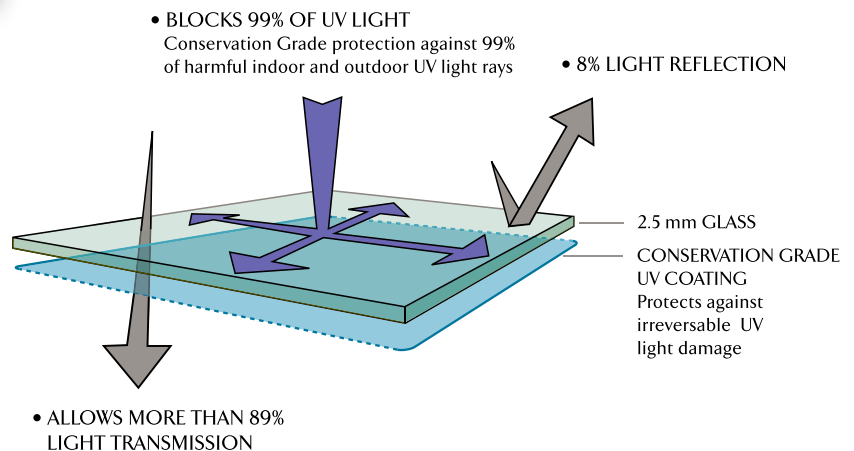

Conservation Clear® glass offers the best protection from the damage caused by harmful indoor and outdoor UV light rays. Providing conservation grade protection by blocking 99% of UV light, this glass is an ideal choice for art, photographs, posters and other important personal keepsakes that are prone to fading and deterioration over time.

Keep framed works protected and brighter longer with the best in UV protection, Conservation Clear® glass.
